**Provincial-Territorial Apprentice Mobility Transfer Guide**

**About This Transfer Guide**

The *Provincial-Territorial Apprentice Mobility Transfer Guide* details apprentice mobility requirements and process information for each province and territory. The Transfer Guide was developed to support jurisdictions, apprentices and employers.

Jurisdictional staff are also available to support apprentices and employers in interpreting the information included in this Guide. See Appendix B for contact information.

**Provincial-Territorial Apprentice Mobility Guidelines**

While this Transfer Guide provides specific information, the *Provincial-Territorial Apprentice Mobility Guidelines* document agreements reached by provinces and territories to facilitate apprentice mobility and include the commitments Canada’s Premiers and Canada’s Provincial-Territorial Ministers responsible for apprenticeship agreed to, as included in the Provincial-Territorial Apprentice Mobility Protocol and the Provincial-Territorial Apprentice Mobility Agreement. The Guidelines were developed to support policy development and intended audiences include jurisdictional policy staff, interested stakeholders and the general public.
Part 1: Overview and Introduction to the Provincial-Territorial Apprentice Mobility Transfer Guide

1.1 Introduction

Premiers through the Council of the Federation recognized the need to address apprentice mobility barriers and on July 16, 2015 signed the Provincial-Territorial Apprentice Mobility Protocol. Based on Premiers’ direction, Ministers responsible for apprenticeship signed a Provincial-Territorial Mobility Agreement which includes a comprehensive list of jurisdictional commitments to facilitate apprentice mobility.

The documents together create the foundation that facilitates apprentice mobility anywhere in Canada.

1.2 Purpose of the Transfer Guide

The Provincial-Territorial Apprentice Mobility Transfer Guide details information about apprentice mobility requirements unique to each jurisdiction, including temporary mobility processes associated with working, undertaking off-the-job\(^1\) or technical training, or writing an exam outside the apprentice’s home jurisdiction. It also includes the steps necessary to facilitate a permanent transfer to a new province or territory without interruption to the apprentice’s training continuum.

1.3 How to Use This Transfer Guide

The Provincial-Territorial Apprentice Mobility Transfer Guide provides detailed information for apprentices wishing to work temporarily or move permanently between provinces and territories. Common steps to support apprentice mobility are outlined, followed by tables and charts which specify each province’s and territory’s requirements.

1.4 Intended Audience

The Provincial-Territorial Apprentice Mobility Transfer Guide has been written for jurisdictional operational staff. The intent of the Transfer Guide is to offer an understanding of some of the unique requirements of each jurisdiction, to be used when communicating with apprentices and employers or when creating internal procedures.

It also informs apprentices and employers directly of some of the requirements if they wish to undertake their own inquiries. It is recommended, however that apprentices seek further advice directly from the province or territory they are registered in or planning to permanently transfer to and from. Some jurisdictions also require apprentices working temporarily in their jurisdiction to register. Check this Transfer Guide to see if this might apply. Appendix B provides jurisdictional contact information.

---

\(^1\) Given Québec’s specificity regarding its education system, the technical training referred to in these guidelines does not correspond to Québec’s technical training (Technical Diploma of College Studies). Off-the-job training is the term that fits the definition of the recognition given by Québec under the terms of the Agreement.
PART 2: TEMPORARY APPRENTICE MOBILITY

2.1 DEFINITION OF TEMPORARY APPRENTICE MOBILITY

Temporary apprentice mobility means that an apprentice remains registered in their home jurisdiction while working, undertaking off-the-job or technical training, or writing an exam in another province or territory.

2.2 GENERAL JURISDICTIONAL REQUIREMENTS

The following are general requirements when an apprentice is training temporarily outside their home jurisdiction. For specific requirements, refer to the apprentice’s home jurisdiction.

In all jurisdictions:

- An apprentice may only apply for grants and subsidies available within the apprentice’s home jurisdiction.
- The jurisdiction that the apprentice is registered in is where the certificate of qualification and Red Seal endorsement (if applicable) will be issued.

In most jurisdictions:

- An apprentice is required to be registered in the jurisdiction they are a resident of. See the Glossary of Terms (Appendix A) for the definition of resident.
- If an apprentice works temporarily outside their home jurisdiction, they must notify their home jurisdiction to ensure they meet requirements so they may receive recognition for training undertaken.
- When an apprentice is working temporarily outside their home jurisdiction and changes employers, they must notify their home jurisdiction.
- An apprentice will receive recognition for work experience in a trade that is not offered in the jurisdiction the apprentice is temporarily working in, as long as the apprentice has contacted their home jurisdiction to ensure requirements are met.

2.3 TEMPORARILY WORKING, TAKING OFF-THE-JOB OR TECHNICAL TRAINING AND WRITING EXAMS IN ANOTHER JURISDICTION

Below are general steps that apply in most jurisdictions for apprentices to work temporarily outside of their home jurisdiction, undertake off-the-job or technical training, or write an exam.

For specific requirements, refer to the jurisdiction where the apprentice is registered and check the jurisdiction that the apprentice is planning to train temporarily in.
**Work Experience**

1. Once an apprentice has found work in another jurisdiction, they must determine the requirements of their home jurisdiction.
2. In some training jurisdictions, an out-of-jurisdiction apprentice is required to register in that jurisdiction.
3. Where applicable, the apprentice, and in some cases the employer, submit their new contract or agreement to the apprentice’s home jurisdiction. The home jurisdiction may also notify the training jurisdiction that an out-of-jurisdiction apprentice is working in their jurisdiction.
4. The training jurisdiction verifies, when needed, that the employer is qualified to supervise the apprentice.
5. The home jurisdiction provides recognition for hours worked.

**Off-the-Job or Technical Training**

1. An apprentice must submit a request to their home jurisdiction to take off-the-job or technical training in a training jurisdiction.
2. The home jurisdiction reviews the request and, if approved by both the home and training jurisdictions, makes arrangements with the training jurisdiction for the apprentice to take the training.
3. In most cases, the training jurisdiction notifies the apprentice of the date(s), time(s) and location where the off-the-job or technical training will occur.
4. Once the off-the-job or technical training is complete, in most cases the home jurisdiction receives the results through the training jurisdiction/institution and provides a copy to the apprentice for their record.

**Exams**

1. The apprentice must submit a request to their home jurisdiction to write the exam in a training jurisdiction.
2. The home jurisdiction reviews the request and, if approved, makes arrangements with the training jurisdiction for the apprentice to write the exam.
3. The training jurisdiction notifies the apprentice of the date(s), time(s) and location where the exam will be written.
4. In most cases, once the exam is complete, the training jurisdiction sends the exam back to the home jurisdiction for marking, unless an agreement exists between jurisdictions to do otherwise.
5. The home jurisdiction notifies the apprentice and updates the training record as required.

*An apprentice makes an application and is approved to write an exam in a training jurisdiction, and while the training jurisdiction may supervise the apprentice while he/she takes the exam, in the majority of cases the apprentice will write an exam from their home jurisdiction.*

PART 3: PERMANENT APPRENTICE MOBILITY

3.1 DEFINITION OF PERMANENT APPRENTICE MOBILITY

Permanent apprentice mobility means that an apprentice or pre-apprentice makes a permanent move and becomes a resident in another jurisdiction. If the apprentice is already a registered apprentice, they transfer their apprenticeship to the new jurisdiction in which they want to reside.

3.2 GENERAL JURISDICTIONAL REQUIREMENTS

The following are general requirements when an apprentice is permanently transferring to another province or territory. For specific requirements, refer to both the jurisdiction the apprentice is planning to transfer to and from.

In all jurisdictions:

- An apprentice is required to ensure all training records are up-to-date with the jurisdiction they are transferring from.
- An apprentice that is training in a trade that is not offered in the jurisdiction the apprentice is planning to transfer to, is unable to transfer their training. However, the apprentice’s training or a portion of it, may be transferred to another trade in the new jurisdiction, if the new jurisdiction considers the training to apply to a different trade.

3.3 STEPS TO TRANSFERRING AN APPRENTICESHIP TO ANOTHER JURISDICTION

Below are general steps that apply in most jurisdictions for apprentices wanting to permanently transfer to a different jurisdiction.

For specific requirements refer to both the jurisdiction where the apprentice is transferring to and from.

1. Once an apprentice has found an employer, they must ensure all their apprenticeship records are up-to-date.
2. The apprentice then makes a submission to the jurisdiction to which they want to transfer. Included in this submission are all the apprentice’s records and any necessary forms.
3. The apprentice pays the necessary registration fees if applicable.

4. The jurisdiction to which the apprentice wants to transfer checks with the jurisdiction the apprentice is moving from, to verify the apprentice’s records are accurate.

5. The apprentice may undergo a placement assessment to identify training gaps that may need to be addressed. Training gaps can result from, for example, differences in provincial or territorial laws or regulations, such as building codes.

6. The apprentice and the employer then enter into a new contract or agreement in the new jurisdiction.
